we badly need new sources of clean energy to generate electricity heat and power our industries homes and workplaces up to now we have relied on and used only fossil fuels to power our industrial and domestic activities the byproducts of fossil fuels include irreversible pollution and contamination of our earth climate change global warming and increase in pathogenic and medication resistant diseases exhaustible fossil fuels are expensive to produce and distribute and not everybody can afford them why not switch to natural non polluting inexpensive inexhaustible fuels such as solar wind water etc fuels this is the timely message contained in twenty first century s fuel sufficiency roadmap you can make this message realisable go on reading thanks

jeremy clarkson puts the pedal to the floor in don t stop me now a collection of his sunday times motoring journalism there s more to life than cars jeremy clarkson knows this there is after all a whole world out there just waiting to be discovered so before he gets on to torque steer and active suspension he takes time out to consider the madness of galapagos tortoises the similarities between jeremy paxman and ac dc s bass guitarist the

problems and perils of being english god s dumbest creation then there are the cars whether it s the poxiest little runabout or an exotic firebreathing supercar no one does cars like clarkson unmoved by mechanics claims and unimpressed by press junkets he approaches anything on four wheels without fear or favour what emerges from the ashes is rarely pretty but always very very funny praise for jeremy clarkson brilliant laugh out loud daily telegraph outrageously funny will have you in stitches time out number one bestseller jeremy clarkson writes on cars current affairs and anything else that annoys him in his sharp and funny collections born to be riled clarkson on cars don t stop me now driven to distraction round the bend motorworld and i know you got soul are also available as penguin paperbacks the penguin app iclarkson the book of cars can be downloaded on the app store jeremy clarkson because his writing career on the rotherham advertiser since then he has written for the sun and the sunday times today he is the tallest person working in british television and is the presenter of the hugely popular top gear

over the past 100 years the european automotive industry has been repeatedly challenged by best practice first by the united states through the development of mass production pioneered by henry ford and more recently by lean production techniques as practised by the leading japanese producers particularly toyota it has consistently risen to these challenges and has shown it can compete and even outperform its competitors with world class products however the european dustry is now faced with growing competition and growth from new emerging low cost countries and needs to re define its competitive advantage to remain at the forefront of the sector automotive growth is driven by two factors new m kets and new technologies global competition is increasing with technology and product differentiation becoming the most important sales factors but with c tinued cost pressure within the market the winners will be more profitable and the losers will disappear the automotive industry makes a

significant contribution to the socio economic fabric of the european union manufacturing output represents 700 billion and research and development spending 24 billion european automotive suppliers number 5000 member companies and represent 5 million employees and generate 500 billion in revenues these are significant figures that generate wealth and high value employment within the eu european firms must consistently improve their competitive position to ensure that the industry does not migrate to growing new markets

focusing on the south african city of durban security in the bubble looks at spatialized security practices engaging with strategies and dilemmas of urban security governance in cities around the world while apartheid was spatial governance at its most brutal postapartheid south african cities have tried to reinvent space using it as a positive technique of governance christine hentschel traces the contours of two emerging urban regimes of governing security in contemporary durban handsome space and instant space handsome space is about aesthetic and affective communication as means to making places safe instant space on the other hand addresses the crime related personal navigation systems employed by urban residents whenever they circulate through the city while handsome space embraces the powers of attraction instant space operates through the powers of fleeing in both regimes security is conceived not as a public good but as a situational experience that can no longer reducible to the after pains of racial apartheid this city s fragmentation is now better conceptualized according to hentschel as a heterogeneous ensemble of bubbles of imagined safety

niklaus schefer beschreibt die spannende entwicklung des automobildesigns über die letzten 30 jahre und gibt ihr einen aufschlussreichen

kulturphilosophischen kontext das automobildesign als lohnenswertes objekt einer philosophischen analyse mit dem ansatz einer praktischen ästhetik gelingt es niklaus schefer die designentwicklung mit den kunstgeschichtlichen strömungen der moderne postmoderne und neomoderne zu verbinden eine these lautet dass es im automobildesign eine sehr wirkungsvolle postmoderne gibt doch auch eine differenzierte deutung der kulturgeschichtlichen und philosophischen hintergründe nimmt der autor vor dabei werden einerseits ästhetische und sprachphilosophische aspekte andererseits ethische und ökonomische fragestellungen mit einbezogen weil die analysen zu keinem ästhetisch und ethisch befriedigenden schluss führen wird die arbeit mit einer skizze einer alternativen ästhetik die ihr fundament in einem neuen verständnis der metaphor hat ergänzt
